

People just like you who live and work in the Hunter who want to see the horrendous rates of Domestic and Family Violence in our region decrease are doing something about it, and you can too!

All you have to do to help is send a quick email to your local State MP and urge them to advocate to the Treasurer and the Premier to:

1. Implement ALL of the priorities the "Hunter Domestic and Family Violence Consortium" outlined in their pre-budget submission to better support DFV specialist services, increase access to safe accommodation, and ensure a coordinated collaborative response to DFV in the Hunter region,

and
2. Increase funds to Men's Behaviour Change Programs, and men's early intervention and prevention services and programs in the Hunter.

The Hunter State MP emails are below. You only need to email the MP who represents your electorate. **If you can do this today that would be amazing! The sooner the better.**

Make sure you **put your name and address in the email, and politely ask** your elected representative to advocate to the Treasurer and the Premier to increase funding to DFV services in your area in the 2024 NSW Budget:
